

Tugas Minggu ke-6 (Sesi ke-1)

Mata Kuliah Metodologi Penelitian

The background features a light beige surface with several decorative elements: a yellow notepad with a red margin line in the top left, a pink sticky note with the number '01' in the top center, a brown notepad with a paperclip in the top right, and a white notepad with a paperclip in the bottom right. A grid-patterned paper is partially visible in the bottom left.

01

1. Jelaskan beberapa jenis "Variabel Penelitian" berikut ini:

- a. Variabel Independen dan Dependen (*Independent and Dependent Variables*)
- b. Variabel Kualitatif dan Kuantitatif (*Qualitative and Quantitative Variables*)
- c. Variabel Nominal dan Ordinal (*Nominal and Ordinal Variables*)
- d. Variabel Kontinu dan Diskrit (*Continuous and Discrete Variables*)
- e. Variabel Asing (*Extraneous Variables*)

#Lengkapi juga dengan contohnya, untuk masing-masing variabel tersebut, ya teman-teman... 😊

02

2. Jelaskan beberapa pendekatan formal dalam penelitian berikut:

- a. Penelitian Dasar dan Terapan (*Basic and Applied Research*)
 - b. Penelitian dasar (*Basic Research*)
 - c. Penelitian terapan (*Applied Research*)
 - d. Penelitian Deskriptif dan Analitik (*Descriptive and Analytical Research*)
 - e. Penelitian Kuantitatif dan Kualitatif (*Quantitative and Qualitative Research*)
 - f. Penelitian Konseptual dan Empiris (*Conceptual and Empirical Research*)
 - g. Penelitian Eksperimental dan Non Eksperimental (*Experimental and Non-experimental Research*)
 - h. Penelitian Prospektif dan Retrospektif (*Prospective and Retrospective Research*)
-
